

Hojol,

Hope all is well.

Facing a definite disqualification for driving 88mph in a 40mph zone, I contacted Mary Monson Solicitors. They were great in reassuring and advising of all possible avenues of defence against prosecution.

After attending court I was so grateful NOT to recv a disqualification, only a few points and a small fine. I owe all this to Mary Monson Solicitors tireless persistence and support through. I would recommend their service to anyone facing a motoring conviction.

Thank you all again
