

Dear Mary Monson Solicitors,

I was a client back in January 2008 and I would just like to say how grateful and impressed I was by your service from the very initial contact via email.

Please could you let all those that were involved with my case from start to finish that I am truly appreciative and thankful that I was represented by yourselves.

My case was ended in July 2008 and since then the insurance have paid out and in recently I have a car.

Thanks again and whilst I do not want to be in contact with you again regarding a legal matter I know that if it is required I am in good hands.

Kind regards
